

## Application Form

### Request for sponsorship by the Igor Stravinsky Foundation

The Igor Stravinsky Foundation, headquartered at 1 bis, rue du Tir, 1204, Geneva (Switzerland) and registered with the federal authorities under CH-660-7616008-0, was established on May 29, 2008 to perpetuate the memory, name and image of Igor Stravinsky and to promote his works.

Within this framework, the Igor Stravinsky Foundation has developed, since its creation, a system of assistance and support (in particular, financial) for projects related, inspired or based on the work of Igor Stravinsky.

The Igor Stravinsky Foundation considers all candidates applying for sponsorship with the greatest attention, according to a thorough and rigorous selection process. Each candidate must complete and return this application form to the Foundation's Awards Committee. The Committee then engages a profound study of the application to assess the proposed project's potential for promoting the work of Igor Stravinsky.

The criteria for selection of applications are primarily based on the quality and originality of the projects proposed, the personal qualifications of the applicants and their interest in Igor Stravinsky, as well as the applicants' personal commitment to carrying out the proposed projects.

The Awards Committee's acceptance or rejection of an application will be made, in any event, by written response.

In case of acceptance, the applicant is invited to meet one or more members of the Foundation, with the aim to conclude a sponsorship agreement, of which an example is included with this application form.

All information and data requested below are indispensable for the study of this application and essential for the Awards Committee's work.

Applicants are therefore invited to provide sufficient detail in writing their grant proposal and to attach any documents they consider relevant to its consideration by the Awards Committee of the Igor Stravinsky Foundation.
